

GLASS WALLS

DOUBLE GLAZING

Maintaining concentration in a workplace is important, whether private conversations & meetings, or perhaps a loud workplace environment, PC350 Double Glazed Walls provide a level of privacy and quiet that cultivates thought and promotes attention.

PC350 Double Glazing is the best option in sound control privacy, where open sight lines are maintained without compromise to design.

Find out how PC350 Double Glazed Walls can be an excellent option for your next project.

For more information please contact your PC350 Representative.
