AVAILABLE IN 5
STANDARD FINISHES

CLEAR
ANODIZED

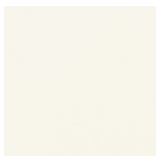

BLACK

COBALT

GRAPHITE

PEARL

The exclusive PC350 Finish collection starts with an industry leading Clear Anodized Aluminum. It is further complemented by a choice of 4 standard Powder Coated colours.

We are Zero V.O.C and the powder coatings offered are environmentally friendly, recyclable and are approved for LEED credit where applicable. Our high quality powder coating is applied with the latest generation of Automatic ITW Gema PLC controlled equipment, ensuring a durable and brilliant finish all the time, every time!

Have a different colour in mind for your design?

Simply select any RAL colour or provide a colour sample for your one of a kind look.

* Colour shown may vary slightly. To request a sample please email hello@pc350.com.

For more information please contact your PC350 Representative.
