WE CREATE INSPIRED WORKSPACES

**VISTA TELESCOPIC
SOLUTION**

REIMAGINE YOUR SPACE

VISTA Telescopic Solution provides a contemporary and visually striking design that serves as a focal point in any space.

ADAPTABLE & FLEXIBLE

VISTA Telescopic Solution adds multifunctional dimension to your inspired design and breathes new life into a meeting or social gathering. VISTA Telescopic Solution can also be configured for a more fluid

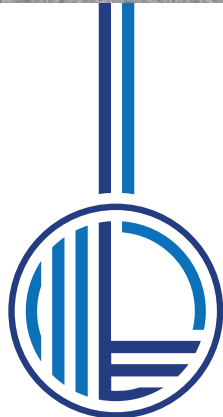

VISTA

Telescopic Solution

Harness the power of natural light
to optimize employee well being. Increase
productivity through collaboration,
taking meetings to a new level.

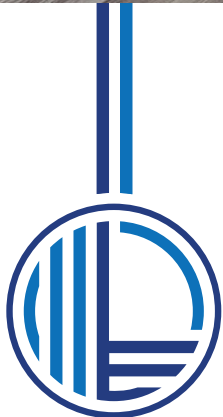

ONSITE VARIANCES?

The VISTA Telescopic Solution system provides flexibility for onsite variances for standard construction. This ensures your schedule stays on track.

BENEFITS

- VISTA Telescopic Solution offers a variety of hardware solutions, including locking mechanisms for enhanced security
- The trackless design on the floor provides a clean, elevated aesthetic
- Choose from solid core wood doors (with optional glass cut-out) and framed aluminum

ADDED FEATURES

- Installing door sweeps in sliding doors provides additional STC ratings, enhancing the door's ability to reduce sound transmission between spaces
- The soft close and open hardware, combined with the pulley system, ensures effortless and user-friendly operation
- Glazing compatibilities include 1/4" (6mm), 3/8" (10mm) and 1/2" (12mm)
- Glazing types include clear tempered, laminated, low iron, acid etch and LCD privacy glass
